

SUMMARY OF ANNEX 0: NATIONAL RECOGNITION DOCUMENTS

As part of the external quality assurance system in Indonesia, all study programs in this cluster have undergone national accreditation processes conducted by official accreditation bodies, namely the **National Accreditation Board for Higher Education (BAN-PT)** and **Independent Accreditation Institutions (LAM)**. This accreditation process aims to ensure that each study program has met national quality standards, which encompass aspects of curriculum and learning outcomes, human resources and facilities and infrastructure, governance, as well as program outputs and sustainability. The evaluation is conducted comprehensively by independent assessors through document assessment and field assessment.

Previous Accreditation Rating	New Accreditation Rating	Score
A	Outstanding	86 - 100 / 361 - 400
B	Very Good	71 - 85 / 301 - 360
C	Good	56 - 70 / 200 - 300

Here is a list of study programs in the cluster along with the accrediting bodies overseeing them and their latest accreditation achievements:

No	Study Program	Accreditation Institution	Accreditation Grade	Certificate
1	Biology Education	LAMDIK	Outstanding	certificate
