

## SUMMARY OF ANNEX 5: ADMISSION REGULATION

The policy for accepting new students at the Indonesian Education University is regulated in [UPI Education Implementation Guidelines for 2024](#). Technically, student admissions are divided into two main paths:

1. National Route

This pathway includes SNBP (achievement-based), SNBT (test-based), UPI Independent Selection, and special pathways such as RPL and regional cooperation (can be seen on page 7) and are managed through the portal. <https://pmb.upi.edu> . And Guidelines for Admission of Undergraduate Students at the Indonesian Education University.

2. International Route

This route is managed through <https://dia.upi.edu/international-students/admission/>, serving foreign student registration with complete guidance starting from requirements to visa process (can be seen on pages 7-8 of the Education Implementation Guidelines).
